

PROPOSED WINDOW DESIGN - FRONT ELEVATION

SCALE @ NTS

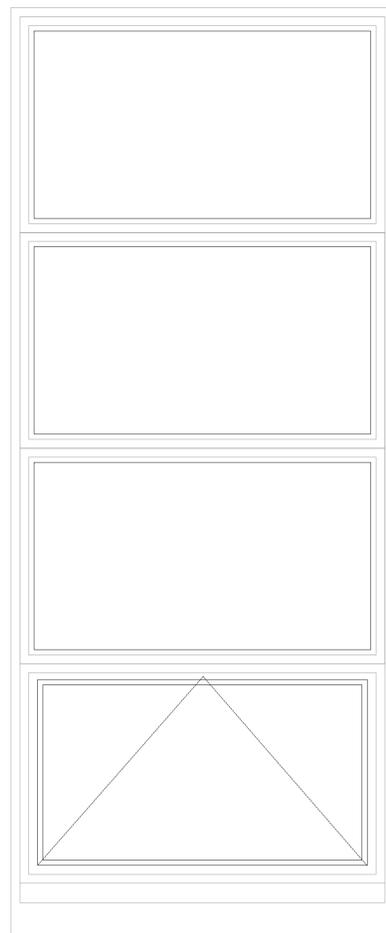

Technal Soleal Next 75 aluminium profiles, with a 75mm frame depth, incorporating a polyamide thermal break and manufactured using Hydro CIRCAL® 75R recycled aluminium. Glazing shall be hermetically sealed double-glazed units to achieve the required U-value for Building Regulations compliance, with safety glass in critical locations as per approved drawings. All units must be supplied and installed by a Technal-approved fabricator, certified to meet PAS 24 security standards, and finished in a powder-coated RAL colour TBC.
