I object to this property being built as it will cause a lot more problems than we already have on this street
It is too close to a primary school who cause us many problems with parking already and as I am disabled I have enough problems getting to my own property
The road would have to be closed at times due to building work causing myself a lot of problems
Teachers and people from factories close by use it as a parking spot making it very hard to get to my own property when I am in my car
A meeting would be appreciated so that a discussion could be heard about the situation
Christine Fleming
